OMEGA 42

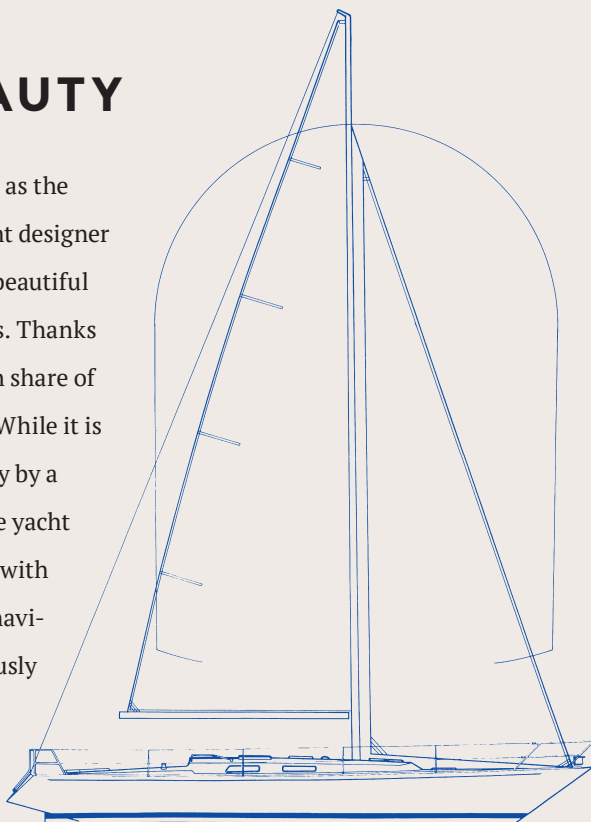

SWEDEN EXPRESS

A CLASSICAL BEAUTY

The Omega 42 yacht can certainly be regarded as the masterpiece of the world-famous Swedish yacht designer Peter Norlin as it combines timeless design, a beautiful sleek look and only the best sail characteristics. Thanks to a large sail area, a long water line and a high share of ballast, the yacht is a very fast and rigid boat. While it is fully seaworthy and can also be managed easily by a small crew, it guarantees great sailing fun. The yacht offers six bunks, a comfortable interior design with a spacious pantry and shower unit, a suitable navigation desk and a well-engineered and generously dimensioned cockpit and is therefore ideal for families and larger crews.

Length:	12,94 m
Length (WL):	10,00 m
